Allowable Subject Matter

1. Claims 1 – 7, 12 and 14 – 20 are allowed.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

The most remarkable prior art of record is to LaRocca et al. (U.S. Patent Application Publication No. 2002/0023268) and Reeder et al. (U.S. Patent No. 5,852,812).

The Examiner agrees with the remarks by the Applicant submitted March 26, 2009. In regard to independent claims 1 and 12, the price of the service is computed for the service prior to fulfilling the service request, (as opposed to Reeder disclosing computing the price and tax after an event has occurred). In distinction, La Rocca discloses the price is determined by a video session manager requesting price information from a network manager (par. 49). The Network manager is disclosed as storing subscriber related data (Par. 24). Thus, LaRocca discloses the network manager storing a price for each subscriber, as opposed to computing a price using an algorithm.

In addition, LaRocca does not disclose a "marketing server" which provides discount data, and to the extent that Reeder disclosing discounting the service offering, it is not in a separate "marketing server."

None of the prior art of record remedies the deficiencies found in La Rocca. Furthermore, neither the prior art, the nature of the problem, nor knowledge of a person

Art Unit: 3687

having ordinary skill in the art, provide any reasonable rationale to combine prior art teachings.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Metadata: VOD's Lingerin Challenge
